Subject: Availability of Funds and Collection of Checks

Gentlemen,

I have made a few telephone calls today to my Congressmen and have asked their help in voting against this Check Act 21 if they or we get a chance to do so. This is a great law if you do not worry about or see fraud and identity theft. We want to continue to receive our cancelled checks from our banks and it is the only way we have of proof that our bills and taxes are paid. I regret that this is a recently notice that appeared in our local paper. Please change or cancell your desire to do this. If this was to be sent to all bank customers in big print I'm sure more people would know about this and complain, if not via e-mail than a letter. Please reconsider this change.
